Message from the Executive Director's Desk

Our THEME for 2026:

Adventure, Curious, Present

Stay curious about the present and you will find yourself on an ADVENTURE!

There is no greater investment than sowing belief, time, love into people. Our mission is to assist in filling unmet needs in the areas of Nutrition, Education, and Connection serving the residents of Jones County, NC while staying focused on a larger vision of being a premier connector of people and resources for Jones County and the world. Everything we do in our programming, projects and events aligns with this vision and mission. Connection in community leads to creative solutions to empower, equip and encourage one another in leaving a lasting legacy.

Our adventures continued as we kicked off Leadership Jones/ Cohort 7 on September 14th focusing on Legacy and the Roots of Jones County. Over a 7 week period, this group dug into the county profile learning how we can continue to assist in filling unmet needs. The project was to build a tourism website for Jones County highlighting all the reasons to visit. Thank you to the Town of Maysville for hosting Leadership Jones Graduation in the newly renovated Town Depot. We appreciate Tharesa Lee, Intentional Excellence Consulting, for leading this program over the last 3 years.

In October, another Ham Radio Technician Course kicked off. Thank you to Pete Wene, New Bern Amateur Radio Club for providing the education on this important communication tool.

The Food Pantry continues to serve over 250 households each week. Over the last 2 months, we have experienced an increase with over 30 new households requesting assistance. We simply could not do this great work without the teams from all the church partners each month. The gifts and talents continue to multiply as we connect in service loving our neighbors as ourselves.

Three years ago, we hosted the Blue Cross Blue Shield Extra Mile Tour: https://www.bluecrossnc.com/extra-miles-tour/jones-county. This was an opportunity to talk with our community partners about the pressing issues here in Jones County. In an effort to address some of these issues, we launched a new program in July, "Bridging Food and Meds", a monthly program focusing on 6 different areas in Nutrition Education. In September, we hosted a session on building a strong immune system and in October, was focused on Heart Health.
More information: https://fillingstation1075.com/bridging-food-and-meds/

Nutrition Education continues as Sarah Ware, Family and Consumer Sciences Agent, provided several classes throughout the county. 54 children learned hands-on opportunities to explore and taste seasonal produce through the Locally Delicious Program. In addition, One Pot Dinner class was taught in our Teaching Kitchen sharing practical strategies for preparing simple meals while reducing preparation time. The Filling Station is grateful for the opportunity to provide Nutrition Education throughout Jones County through a Cost Share Agreement.

We are heading into the season of Thanksgiving and Christmas holidays. Each week we make it a priority to "roll out the RED carpet" for our clients making them feel important as we assist in filling unmet needs. On November 7th, we hosted our 6th Annual Event - "Jones County - A Perfect 10" welcoming over 200 people on campus to enjoy lunch in the garden, music and drop-in painting. Thank you to all the sponsors, partners and volunteers who made this an extraordinary event. I am excited to share that we exceeded our goal of $70,000 to make it possible to continue the excellent programming for 2027.

Join us for "Christmas on Main" here in Pollocksville to kick off the holiday season on Sat, Dec. 5th at 5:30 PM - Golfcart Parade, Santa, Coffee and Cocoa in the Front Gathering Space of The Filling Station for children to write letters to Santa and photos. Food Trucks, Vendors, and lighting of the tree. We are excited to support Pollocksville Rotary Club as they host this event for the community.

Much gratitude and may you and your family have a wonderful Thanksgiving and Christmas season!

Leadership Jones

LEADERSHIP JONES
...A GRASSROOTS LEADERSHIP ACADEMY

Leadership Jones brings together participants from various backgrounds, including Jones County residents, local government representatives, nonprofit leaders and faith-based leaders. Participants contribute their time, experience and ideas while working toward a shared vision for the Greater Jones County community.

The academy is led by Tharesa Chadwick Lee, grassroots leadership facilitator and founder of Intentional Excellence Consulting. Leadership Jones is hosted by The Filling Station and supported by community partners, including the Chick-fil-A True Inspiration Award and State Employees' Credit Union.

"Relationships lead to resources. There is nothing more important than making connections throughout your community," said Mary Ann LeRay, Executive Director of The Filling Station, during the first day of Leadership Jones.

Leadership Jones Cohort 7 attended the groundbreaking ceremony for the new Public Works Facility in Trenton on Oct 19. Thank you Tharesa Lee, Facilitator for Leadership Jones, for prioritizing learning about how local government works.

"I was glad to join local leaders and members of the community in Trenton for the groundbreaking of the new Jones County Public Works Facility. Public works may not always make the headlines, but the people who maintain our roads, care for our infrastructure, and keep our communities running play an important role in our daily lives. This new facility invests in those hardworking employees and in Jones County's future.

Jones County is home to people who take pride in their communities and work hard to make them better. I believe strong partnerships between local, state, and federal leaders are essential to helping our communities grow and ensuring they have the resources they need.

It was great to be part of this milestone, and I want to thank the county leaders, staff, and everyone who helped bring this project to this point. I look forward to seeing the progress ahead and the positive impact this facility will have on Jones County for years to come."

Congressman Greg Murphy, MD

Leadership Jones

Leadership Jones is part of The Filling Station's broader mission to address unmet needs in nutrition, education and connection throughout Jones County. The program focuses on community voices, as well as generational, social and civic leadership.

Leadership Jones - Cohort 7 Graduation

Thank you Town of Maysville for making it possible for the event to take place at the newly renovated Town Depot building.

The Filling Station Antenna Upgrade Expands Emergency Radio Coverage in Jones County

POLLOCKSVILLE, N.C. – Oct. 8, 2026 – Residents, amateur radio operators, and emergency responders in Jones County and surrounding areas now have expanded radio coverage after The Filling Station installed new antennas on its Pollocksville tower on Sept. 30. The installation completes a repeater upgrade funded by a $10,000 grant from the Duke Energy Foundation.

The new antenna system serves two repeaters: a 2-meter VHF amateur radio repeater and a General Mobile Radio Service (GMRS) repeater.

A repeater sits high on a tower and rebroadcasts signals from handheld and vehicle radios, which greatly extends how far those radios can reach. The repeaters give The Filling Station, the New Bern Amateur Radio Club, Jones County Emergency Services, and local residents another way to communicate, especially when cell service, internet, or power fail during a disaster. ***Click to continue reading.**

Podcast #56 –

Kindness at Pollocksville Elementary with Kelly Kirschner

In this episode of The Filling Station podcast, host Mary Ann LeRay sits down with Kelly Coward Kirschner, principal of Pollocksville Elementary School. Kelly is Jones County through and through: she attended Trenton Elementary and Jones Senior High School, studied at East Carolina University, and began her teaching career in Craven County. Thirty years later, she is back home leading a school where she knows her students' parents and grandparents, and she says she still enjoys going to work every day.

Food Pantry

"Alone we can do so little; together we can do so much."

-Helen Keller

As we enter into the season of Thanksgiving, we are incredibly thankful for our volunteers and partners. We are blessed to have familiar faces that show up week after week as well as those that have chosen specific volunteer days.

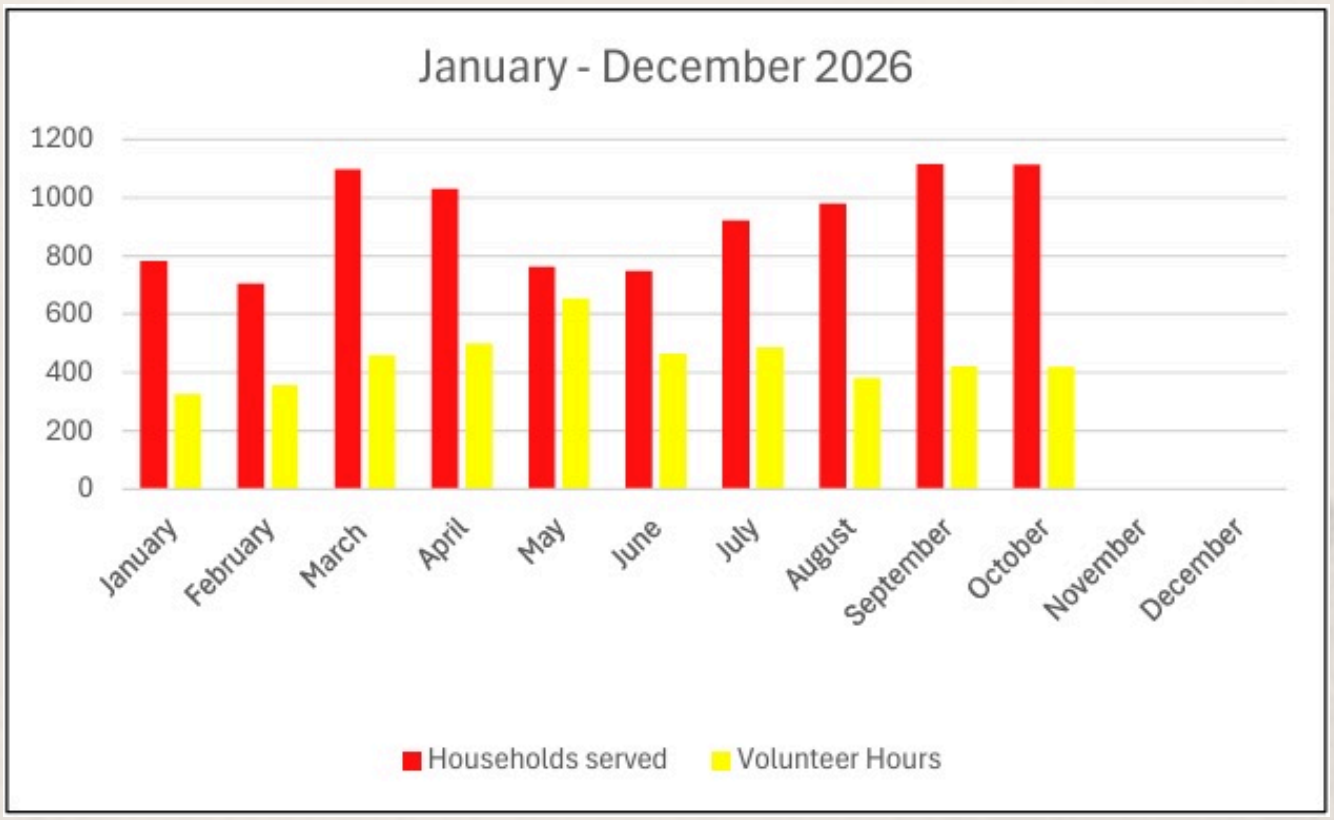

Thank you Jerry & Sheri Smith from Triune Holiness Church for your board leadership and partnership. You make a difference!

Thank you, Lauren Wargo, from Duke Energy for your support and many volunteer hours in filling the mission. Working together is the fuel that keeps us filled up.

Teaching Kitchen

The Filling Station is supported through Time, Talent and Treasure from our church partners.

"From No Running Water to Knowing Where to Turn for Help"

A couple who had recently moved to Pollocksville came to The Filling Station needing water for their home. They had discovered that the pipes in the house needed to be replaced and were unsure where to turn for help.
The Filling Station provided water for their immediate needs and then connected them with the people and resources that could help solve the larger problem. This included the local water department, a plumber who could replace the pipes at a reasonable cost, and the county office where they could apply for an Urgent Repair Grant. Instead of leaving with only water, the couple left with a path forward. Within a short period of time, they had been connected with the people who could help restore water to their home and potentially provide financial assistance with the repairs. "When we heard the church bells ringing, we knew we weren't far from someone who would help us."
***New residents in Pollocksville**

The Filling Station, a dream born out of a long vacant, propane company building, opened its doors on August 28, 2017.

Why the Filling Station name?

During a walk-through of the building, someone noticed a red hazardous material warning sign with a flame and the number 1075, the DOT classification for propane. The group discovered that Psalm 107:5 read: "They were hungry and thirsty; their lives were slipping away." A new mission was launched and it was called "The Filling Station" to refer to the building's prior use as well as to its new purpose. Our mission is to assist with filling unmet needs in the areas of Nutrition, Education, and Connection serving the residents of Jones County.
